REVIEW & SELECTION

Proposals will be evaluated and ranked by a Proposal Review Committee according to the following criteria to be weighted according to points listed:

1. Technical approach to the project and adequacy of proposal to achieve the requirements of the Scope of Services in the desired degree of detail. **(35)**
2. Cost. **(30)**. Cost ratings will be determined using the following formula:

Lowest cost proposal will receive 30 points. All other proposals will be rated by multiplying the maximum possible points (30) by a fraction that consists of the lowest cost as numerator and cost proposal being evaluated as denominator.
3. Relevant experience of the firm and qualifications of the key personnel assigned to this project. **(35)**

In the event oral presentations are requested, they will be evaluated on the clarity and detail of the technical approach and relevant experience of the firm, with a maximum score of twenty points, which will be added to the initial scores for a final score.

The Proposal Review Committee shall make its report to the Secretary. Award shall be made to the responsible offeror whose proposal is awarded the highest number of points and determined in writing by the Secretary of DNR to be the most advantageous to the State, based upon the evaluation factors set forth in the RFP.

All dates given in this RFP are subject to change at the discretion of the DNR. Notice will be provided to all potential proposers.

Subject to the approval of the Louisiana Office of Contractual Review and the State Department of Civil Service, the Secretary of the DNR is the only individual who can legally commit DNR to the expenditure of funds in connection with this proposed procurement. Any other commitment, either explicit or implied, is invalid.
